REPORT OF LIBRARY TRUSTEES

The total circulation for the year as reported to us by the Librarian has been 5116 adult and 1971 juvenile volumes.

The Library and reading room have been open Tuesday, Thursday and Saturday from 12 noon to 9 p. m., holidays excepted. The policy of opening at 12 noon inaugurated last year has been continued since it has proven so beneficial to the pupils in school who reside outside the village.

The building was open every day during the State Arts and Crafts Fair and had a special exhibit of samplers. More than 2000 people visited the Library during the exhibit and many expressed themselves as favorably impressed with its advantages.

During the year, a feature of the children's room has been a special exhibit of hand painted pictures illustrating children's fairy tales.

The Library now receives the Congressional Record daily through the courtesy of Senator Keyes.

The trustees are pleased to announce the receipt of a trust fund of \$1,000.00 from Mr. Louis B. Thacher, the income from the fund to be used for the purchase of books for the Library.

The selectmen have received notice that the Library is one of the residuary legatees named in the will of the late Emma Gipson of Greenfield and may be the recipient of a considerable fund.

We have received many gifts of books and magazines during the year and wish to express our thanks to all donors.

**REPORT OF THE SUPERINTENDENT OF SCHOOLS TO
THE SCHOOL BOARD OF HANCOCK**

I am submitting at this time the statistical summary for the Hancock schools as well as the report of Miss Margaret Harris, school nurse.

The work in the several schools has gone along in a very satisfactory manner during the present school year. The work in the primary and intermediate grades has been given careful attention.

So far as the finances would allow new books have been supplied to replace those that have become worn out or out of date. In order to completely equip these schools with the necessary texts the appropriation for this item should not be reduced from the \$100 allowed last year.

The work of the Hancock High School is being carried on in a most satisfactory manner.

Miss Manchester knows her school and understands her pupils, and has shown great skill in guiding the cadet teachers in their work.

I believe the people of Hancock appreciate their schools. I believe the teachers now employed in the schools are giving of their best for the children of the town.

I greatly appreciate the cordial cooperation that I have received from the teachers, school board and others interested in the welfare of the Hancock schools.

Sincerely,

LEWIS S. RECORD

Superintendent of Schools

HANCOCK SCHOOL NURSE'S REPORT

The routine inspection of each pupil's scalp, teeth, skin, posture and general hygiene began with the opening of the school year. The general appearance of the children does not indicate suffering for lack of food. There are always a few who need special food. We urge the children to bring milk with their noon luncheons, as this is essential to their proper nourishment. The Growth and Weight Chart, with the periodic weighing and measuring, furnishes a strong desire to practice rules which are simple but most important for health and normal growth.

Pupils were accompanied by the nurse to tonsil and eye clinics.

Home visits were made to instruct the parents and to follow up defects.

I wish to thank the School Board and local officials for their splendid cooperation.
